HUBERT C. LAMBERT
STATE ENGINEER

April 17, 1970

TO ALL WATER USERS OF THE SEVIER RIVER DISTRIBUTION SYSTEM:

The State Engineer and the Executive Committee held their annual meeting January 26, 1970, in the Sevier County Courthouse, Richfield, Utah, and there was a change made in the assessment basis.

Due to a misunderstanding between the Executive Committee and the State Engineer's Office, the assessments were calculated on a 6 to 7 ratio instead of a 6 to 7 weighted basis.

Enclosed is a new assessment notice showing your corrected assessment. We know you will all wish to cooperate in this matter and will appreciate your prompt remittance of the remaining balance or your total assessment.

Yours truly,

Hubert C. Lambert
State Engineer
